

## BIOMETRIC CONFERENCE

Intech Building, Suite 120  
Indianapolis, IN

July 16, 2008

- 8:30 a.m. Registration
- 9:15 a.m. ATAIN and Crane Welcome
- 9:30 a.m. Raj Nanavati, Director, National Sensors, Surveillance & Biometric Technologies Center of Excellence  
*Grand Challenges of Biometrics in Law Enforcement and Homeland Security Applications*
- 10:00 a.m. Questions and Answers
- 10:30 a.m. Ed Delp, Silicon Valley Professor in Electrical and Computer Engineering, Purdue University
- 11:00 a.m. Pat Flynn, Professor of Computer Science and Engineering, University of Notre Dame  
*Current Biometrics Research at Notre Dame*
- 11:30 a.m. Stephen Steeves, 1.2.1 Access Automation  
*New Applications for Biometrics Physical Security*
- 12:00 noon Michael Robbins, Forensic ID  
*Contact DNA Collection for Criminal Identification*
- 12:30 p.m. Lunch – box lunch provided
- Speaker - Eric Kukula, Fellowship Pre-doctoral, Purdue University  
*Purdue K-12 Biometrics Secondary Education Program*
- 1:15 p.m. Stephen Elliott, Associate Professor of Industrial Technology, Purdue University  
*Current Biometrics Research at Purdue*
- 1:45 p.m. Dave Skelton, Chair, Professor and Director of the Institute of Criminology, Indiana State University  
*Legal Aspects of Biometrics*
- 2:15 p.m. Eliza Du, Assistant Professor of Electrical and Computer Engineering, IUPUI  
*Current Biometrics Research at IUPUI*
- 2:45 p.m. Shimon Modi, Graduate Student, Purdue University  
*Fingerprint Interoperability*
- 3:00 p.m. Eric Kukula, Graduate Student, Purdue University  
*Human Biometric Sensor Interaction*
- 3:20 p.m. Christy Blomeke, Graduate Student, Purdue University  
*Hygiene as it relates to Biometrics*
- 3:40 p.m. Wrap-up
